At St Nicholas Hospice Care, every moment matters.

When time feels precious, even the smallest experiences can create lasting memories. That's why we aim to offer opportunities to create meaningful experiences for patients and those that are close to them, whether you're staying on our ward or receiving care at home.

Moments that matter most to you

These moments don't have to be grand, they can be simple, personal and special to you, they could include:

- Sharing a favourite meal together
- Watching a film with those important to you
- Experiencing an animal visit
- Listening to special music or looking at old photos
- Enjoying a glass of wine or a garden picnic
- You may also want to leave special words, stories or cards for those important to you
- A surprise visit from a friend or loved pet.

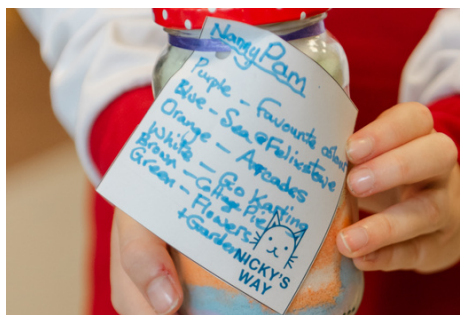

Share your thoughts with us so that we can make it happen for you and those important to you

Every person is unique — and so are their memories.

Whether your wish is big or small, we're here to listen, support, and use our creativity to help you make it real.

Even if it's not possible in the way you imagine, we'll find ways to make it meaningful.

Let's make it happen

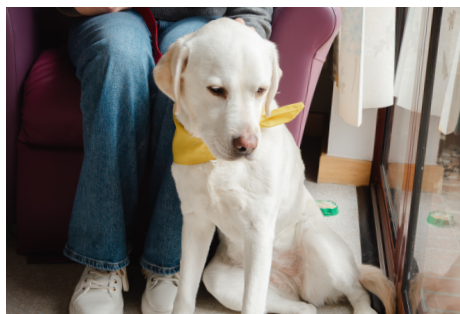

A memory jar created by a member of our Nicky's Way programme

A wedding for a patient's daughter, blessing ceremony held at the Hospice

Lasting memories and keepsakes can be created

Pets As Therapy (PAT) dogs are among the special visitors welcomed

Please speak to a nurse or a member of our team to find out more.

Hospice **Advice line**

Call our 24/7 advice line for health care professionals and families if you need support with symptom management and end-of-life care.
