

Classic & Sports Cars by the Lake

stand details

3rd September 2017 in aid of St Nicholas Hospice Care

- Marquee size, for all indoor stalls: 100ft x 30ft
- Set up must be early from 7.30 am, and all stalls must be ready to open to the public by 10.00 am. Any stall holders not arrived by 9.30 am risk losing their reserved slots, as we may need to reallocate places, to avoid gaps in the marquee.
- Varying prices according to size of pitch required.
- In addition to cost of the pitch, stallholders are being asked if they could kindly donate a tombola/raffle prize
- The prestigious marquee will also include refreshments for the event, therefore attendance in the marquee is guaranteed
- Please note, stallholders must provide evidence in advance of their public liability insurance, and also provide a certified copy of their insurance certificate on the day. This must be done before the booking can be accepted, for the Hospice's own insurance purposes
- Stallholders will be invited to take stalls on these terms and conditions of business, and on completing the attached form. On receipt of the cheque or payment, the booking will be confirmed
- Invoicing will be done direct from the Hospice, and 100% of the stallholders' fees goes direct to the Hospice. Please say if you need an invoice.
- If power is requested, that will need to be provided by individual stallholders or pre-booked: the marquee does not have its own tables or power.
- In addition to the grand marquee and stalls, there are countless amusements, eating facilities and stalls, as this is a family day out. We can group stalls together, if stallholders require, within the marquee, such as a children's area, etc.
- Please provide your own tables and chairs.
