

How to guide: Microsoft Teams

Microsoft Teams is a great way to stay connected with friends, family, and people you can't meet up with in person.

Teams allows you to call or video chat a person or a group of people.

It is free to call or video chat people who also use Teams.

To use Teams you will need to set it up on ONE of these devices:

How to sign up to Microsoft Teams

Some people will need some support to set up Teams. This could be from a friend, family member, support worker/carer or someone else you trust.

Step 1: Type

www.teams.microsoft.com/start into the address bar or search 'get started with Microsoft Teams' on the internet.

ou re seeing our **new sign in exper** to back to the old one Step 2: To get Microsoft Teams, click 'Sign up for free' in the top right corner of the screen.

Step 3: Enter your email address and click next.

Step 4: Click 'For work', if you click 'For friends and family' it will suggest you use Skype. You can still talk to friends and family if you click 'For Work'

Step 5: If you have a Microsoft account use your email and email password to sign in.

Create account

Create account

Looks like you're new here. We'll create a new account with daizz_1@live.com. Step 6: If you don't have a Microsoft account click 'create account'.

Step 7: Create a strong password. Get help creating a strong password here:

www.tinyurl.com/ugw4qf3

Create account

We need just a little more info to set up your account. Country/region United Kingdom v Birthdate Month v Day v Year v Next

Step 8: Select the country you live in for example: United Kingdom and enter your date of birth. Then click 'Next'.

Step 9: Open your email inbox and click on the email from Microsoft Teams.

Verify email

The last few details
